DEFIANCE Specifications

Walkthrough

Walk onboard this fantastic 2012 model Eastbay 46 SX, DEFIANCE, onto the spacious cockpit. She features built-in seating aft and a wet bar forward equipped with an icemaker, sink, ice box and storage. The engine room is located through a large hatch in the cockpit.

Enter the salon through the single hinge two panel glass door into the open and bright main deck of this 46 SX featuring a gorgeous satin teak interior with teak and holly sole throughout. There is a straight settee to starboard and a U-shaped settee to port with hi-low electric teak table. This converts into a berth by lowering the table and inserting a separate cushion. What a great feature when more space is needed for guests!

The helm station is to starboard forward and features a STIDD helmseat with foot rest, large traditional teak and stainless steering wheel, all new Garmin Electronics Package (see Electronics & Entertainment section below for a full overview), engine and joystick control & much more.

Across from the lower helm station to the port side is the companion helmseat with grab rail, cup holders and chart locker with fold-out table.

There are two manual opening windows in the salon; forward port & starboard. The forward center windshield opens electrically as well as the aft port window. There is a sunroof that also opens by the push of a button for maximum airflow on this main deck! Salon windows and sunroof are equipped with accordion shades for privacy and to protect the interior wood from the sun.

Just before you take the steps down below there is a hatch in the salon sole which opens up into a large storage area. There is a freezer, unit and plentiful space for extra storage or washer dryer.

There are 4 steps to go below to the galley and accommodations. To port is a wonderful U-shaped galley with plentiful storage cabinets and drawers, 3-burner cooktop, microwave/convection oven, two sided stainless steel sink, large refrigerator and deep chest freezer.

To starboard across the companionway from the galley is the guest stateroom featuring two side-by-side twin berths. The en suite head is forward and features a wet head style shower with a wraparound curtain. There is also access from the companionway to be used as a day head.

The master stateroom sits comfortably forward with an easily accessible queen berth, private en suite head and separate stall shower, storage drawers under berth, cabinets and hanging lockers, full length mirror, overhead hatch and port holes for natural light and more! This stateroom is very comfortable for extended cruises!

Construction

- Fiberglass outer skin: gel-coated, Cook Composites & Polymers
- Fiberglass: hand-laid
- Hull barrier: epoxy undercoat, International
- Hull gelcoat color: painted Awl-Grip, "GB White", Optional Upgrade
- Hull boot stripe: painted "Flag Blue" with "Pale Gold" cove stripe; *Repainted boot stripe FEB 2021*
- Hull lamination: Hydrex resin skin coat, Reichold
- Hull structural grid: fiberglass and foam
- Hull: composite, fully cored, w/cross-linked high density PVC foam core
- Quarter guard: FRP molded, with stainless steel rubrail
- Structural bulkheads: composite, partially watertight (2)

Engine & Mechanical Equipment

- Twin Cummins QSC 8.3 600hp with Zeus Drive, Optional Upgrade; with 783 hours as of 23 October 2023

- Ball valves and thru hull fittings above waterline: bronze housings, chrome valves, Groco
- Engine controls: Cummins, electric control system and joystick docking system
- Engine raw water intake strainers: Groco seawater filter kits SD-2500-S
- Engine room faucet: freshwater, cold only
- Engine room: teak slats
- Engine room sound insulation: fiberglass wool, composite panels
- Exhaust system: underwater through propeller hub, and idle bypass muffler
- Fire extinguisher: in engine room, with engine-generator-blower shut down and override control, Fireboy
- Freshwater regulator: complete with hose fittings at cockpit, Optional Upgrade
- Fuel filters: Racor water separators on each engine (duplex) and generator (single)
- Fuel tanks: two crosslink polyethylene (XLPE) tanks, baffled, total 500 US gallons capacity
- Generator exhaust system: with gas/water separator, Centek
- Oil change system: Groco pump, DC, Model G-3, with quick disconnect fittings
- Propellers: counter rotating, stainless steel (included in Zeus)
- Steering: electric/hydraulic (integral with Zeus)
- Water purification system: Seagull IV X-1F microbiological purifier with faucet, in galley
- Water tank: aluminum tank, baffled, 145 US gallons capacity
- Watermaker: preparation only
- (3) New Monoxide detectors, Upgrade
- (3) New Fire Alarms, linked, Upgrade
- New Groco Main Seawater Intake Filters, Upgrade
- Pods serviced and seals replaced, both port & starboard, Upgrade
- Engine & Pod Zincs replaced, Upgrade
- Oil changed after 100 hours, Upgrade
- New Spare Water Pump, inc. filters & liquids, Upgrade

Electrical Equipment

- Air Conditioning System: Dometic, NEW 2021, Upgrade
- Generator: Onan with sound shield, 11.5kW, 60Hz #MDKBM e-QD Series, Optional Upgrade
- Dynamic Positioning System: Activate Zeus System with GPS Interface (known as Skyhook), Optional Upgrade
- Air horn: DC, dual "trumpets", AFI Marine
- (4) New Batteries; two (2) 8DL and two (2) 4DL, Upgrade
- Batteries: Engines: (1) 12V bank, made of (2) units AGM Lifeline, 12V, 210Ah, with fiberglass boxes, lids and straps
- Batteries: Service: (1) 12V bank, made of (2) units AGM Lifeline, 12V, 255Ah, with fiberglass boxes, lids and straps
- Battery: Generator: (1) unit AGM Lifeline, 12V, 105Ah, with fiberglass box, lid and strap
- Battery charger: Mastervolt ChargeMaster 12/100-3, 12V, 100A, automatic
- Battery condition indicator: BEP, at electrical panel
- Battery disconnect switches: BEP, remote motorized
- Battery paralleling: BEP, dual sensing Voltage Sensitive Relay (VSR), 300A

- Bonding system: zinc anodes, on raw water cooling systems and heat exchangers
- Carbon monoxide detectors: in sleeping areas and salon, Seafire Marine
- DC outlet: 12V, one unit at helm
- Distribution panels: AC/DC, BEP
- Engine gauges and instrumentation: Cummins, one Vessel View display at helm
- Engine room lights: DC, LED, Hella Marine
- Engine room ventilation: two blowers, DC, Delta "T"
- Engine start/stop: at helm
- Freshwater system: pressurized, DC, Shurflo
- Galvanic isolator: Prosafe
- Holding tank - black water: polyethylene, 60 US gallons capacity, deck fitting for dockside pumpout, equipped with direct discharge pump, DC, SeaLand Sani Pump T12
- Holding tank - level indicator: Dometic Sealand, model DTM, at helm station
- Navigation lights: DC, LED, Hella Marine
- Outlets: AC, with GFCI protection, Vimar
- Shorepower inlet aft: Glendinning Cablemaster, 1 x 50A, 75-ft. white cord, Optional Upgrade
- Tank monitoring: gauges for fuel and water tanks, display at helm, Smart Switch TD4000
- Water heater: AC, 20 US gallons capacity, Seaward H-2050W
- Windshield wipers: washers, intermittent-low-medium-high speeds, electronic touch control panel, Exalto
- Wiring: marine-grade tin-plated copper

Exterior Equipment

- New AB 10V SX center console tender with Bimini top & Yamaha 30hp outboard, Upgrade
- New hydraulic Freedom Lift for tender, Upgrade
- Custom Canvas Cover for tender, Upgrade
- New 65-lb. Mantus Anchor, Upgrade
- Anchor & chain: (1) Ultra Marine stainless steel Anchor (77lb) mirror polished finishing with 80-meter hot-dipped galvanized chain and stainless steel swivel shackle, Optional Upgrade
- Anchor chain locker: with partition for rope and chain, self-draining
- Anchor platform: stainless steel, single stainless steel roller
- Anodes: aluminum, hull and Zeus pods
- Cabin top: painted non-skid, Awlgrip, "Moondust" color
- Cleats: for fenders, stainless steel, pop-up, (2) units, at cockpit coaming
